INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members
of the Borough Council
Borough of Rumson, New Jersey

We have audited the accompanying regulatory-basis financial statements of the Borough of Rumson, County of Monmouth, New Jersey ("Borough") as of December 31, 2010 and 2009, and for the year ended December 31, 2010, which collectively comprise the Borough's basic financial statements listed as financial statement exhibits in the Table of Contents. These financial statements are the responsibility of the Borough's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and in compliance with the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey ("Division"). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described in Note 1, the Borough prepares its financial statements using accounting practices that demonstrate compliance with the regulatory basis of accounting and budget laws prescribed or permitted by the Division, which practices differ from accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material. In addition, the financial statements of the Length of Service Award Program Fund ("LOSAP") have not been audited, and we were not required by the Division to audit nor were we engaged to audit the LOSAP Fund financial statements as part of our audit of the Borough's financial statements. The LOSAP Fund financial activities are included in the Borough's Trust Fund, and represent 5.74% and 4.61% of the assets and liabilities, respectively, of the Borough's Trust Funds as of December 31, 2010 and 2009.

In our opinion, because of the effects of the Borough's preparing its financial statements on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Borough as of December 31, 2010 and 2009, or the changes in its financial position, or, where applicable, its cash flows for the years then ended. Further, the Borough has not presented a Management's Discussion and Analysis that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Also in our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had the LOSAP Fund financial statements been audited, the regulatory-basis financial statements referred to above present fairly, in all material respects, the financial position, on a regulatory accounting basis, of the various funds of the Borough as of December 31, 2010 and 2009, and the results of operations and changes in fund balance - regulatory basis of such funds for the years then ended and the Statements of Revenues - Regulatory Basis and the Statement of Expenditures - Regulatory Basis of the various funds for the years ended December 31, 2010 and 2009 on the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated March 29, 2011 on our consideration of the Borough's internal control structure over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Our audit was performed for the purpose of forming an opinion on the regulatory-basis financial statements taken as a whole. The accompanying supplementary schedules and Comments section listed in the Table of Contents are presented for purposes of additional analysis as required by the Division and are not a required part of the regulatory-basis financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole, on the basis of accounting described in Note 1.

NOTES TO FINANCIAL STATEMENTS

BOROUGH OF RUMSON
COUNTY OF MONMOUTH, NEW JERSEY

NOTES TO FINANCIAL STATEMENTS

Years ended December 31, 2010 and 2009

1. Summary of Significant Accounting Policies

A. Reporting Entity

The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB has adopted accounting statements to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The municipalities in the State of New Jersey do not prepare financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements.

The financial statements of the Borough of Rumson, County of Monmouth, New Jersey ("Borough") include every board, body, officer or commission maintained wholly or in part by funds appropriated by the Borough, as required by the provision of N.J.S. 40A:5-5. The financial statements, however, do not include the operation of School Boards, Volunteer Fire Departments/Fire Districts and First Aid Squads which are subject to separate audit and are considered component units under GAAP. Included within the financial statements are taxes levied, collected and turned over to School Boards and appropriations for contributions to Volunteer Fire Departments and First Aid Squads. Complete financial statements of the above component units can be obtained by contacting the Treasurer of the respective entity.

B. Description of Funds

GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB Codification establishes three fund types to be used by general purpose governmental units when reporting financial position and results of operations in accordance with GAAP.

The accounting policies of the Borough conform to the accounting principles and practices applicable to municipalities prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The accompanying financial statements are presented in the format prescribed by the State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and are a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds:

Current Fund - is used to account for all revenues and expenditures applicable to the general operations of Borough departments.

Trust Funds - are used to account for assets held by the Borough in a trustee capacity or as an agent for individuals and other governmental agencies. Funds held by the Borough which have restrictions placed on the use of such funds are recorded in the Trust Fund.

B. Description of Funds (continued)

General Capital Fund - is used to account for financial resources to be used for the acquisition of general capital facilities. The major resources are derived from the sale of serial bonds and bond anticipation notes.

Public Assistance Fund - is used to account for resources restricted in use for the general welfare of citizens living within the Borough.

General Fixed Assets Account Group - The Borough has complied with Technical Accounting Directive No. 85-2 issued by the Division of Local Government Services. Technical Accounting Directive No. 85-2 utilizes the following accounting policies:

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain (infrastructure) general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available, except for land which is valued at estimated market value.

No depreciation is provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital are not accounted for separately.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The accounting principles and practices prescribed for municipalities by the Division of Local Government Services differ in certain respects from GAAP applicable to local government units. The more significant differences follow.

A modified accrual basis of accounting is followed by the Borough. Modifications from the accrual basis follow:

Revenues

Revenues are recorded as received in cash except for statutory reimbursements and grant funds, which are due from other governmental units. State and federal grants for operating purposes are realized as revenues when anticipated in the Borough budget. Receivables for property taxes are recorded with offsetting reserves within the Current Fund. Other amounts that are due to the Borough which are susceptible to accrual are recorded as receivables with offsetting reserves. These reserves are liquidated and revenues are recorded as realized upon receipt of cash. GAAP requires the recognition of revenues for general operations in the accounting period in which they become available and measurable.

Expenditures

- (a) Disbursements for Current Fund inventory-type items are considered expenditures at the time of purchase;
- (b) Prepaid expenses are not recorded;
- (c) Interest on long-term debt included in the General Capital Fund is recorded as an expenditure when paid;
- (d) The encumbrance method of accounting, which records commitments such as purchase orders and contracts as a charge against the current year's budget in addition to expenditures made or accrued, is utilized. The cash basis of accounting, however, is followed for recording the Borough's share of contributions for fringe benefits, such as retirement plans, accrued sick leave and vacation leave.

Appropriation reserves are recorded at December 31 for unexpended appropriation balances except for amounts which, according to state statutes, may be cancelled by the governing body. The appropriation reserves are available to satisfy specific claims, commitments or contracts incurred during the preceding fiscal year. At the end of the succeeding fiscal year, the remaining unexpended balances lapse to fund balance through other credits to revenue.

COUNTY OF MONMOUTH, NEW JERSEY

NOTES TO FINANCIAL STATEMENTS

Years ended December 31, 2010 and 2009

1. Summary of Significant Accounting Policies (continued)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (continued)

Had the Borough's financial statements been prepared under generally accepted accounting principles, the encumbrance method of accounting would be followed for expenditures presently reflected on a paid or charged basis, appropriation reserves would not be recorded, revenues susceptible to accrual would have been reflected without offsetting reserves and inventories would not be reflected as expenditures at the time of purchase.

Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

D. Budgets and Budgetary Accounting

An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Borough and approved by the State Division of Local Government Services in accordance with N.J.S.A. 40A:4 et seq.

E. Grants

Current Fund - State and federal grants and assistance awards made on the basis of entitlement periods are recorded as revenues when entitlement occurs.

Trust Fund - State and federal grants and assistance awards are dedicated by rider in the Trust Fund. A receivable and corresponding spending reserve are recorded when the grant is awarded.

Capital Fund - State and federal grants and assistance awards are recorded as a funding source for improvement authorizations or are established as receivables with an offsetting reserve.

F. Assessment and Collection of Property Taxes

New Jersey statutes require that taxable valuation of real property be prepared by the local unit tax assessor as of October 1 in each year and filed with the County Board of Taxation by January 10 of the following year. Upon the filing of certified adopted budgets by the Local Unit, Local School District, County and Special Districts, the tax rate is struck by the County Tax Board based on the certified amounts in each of the taxing districts for collection to fund the budgets. Pursuant to statute, this process is to be completed on or before May 3, with a completed duplicate of the tax rolls to be delivered to the Local Unit Tax Collector on or before May 13. New Jersey statutes require that each local unit provide for sufficient anticipated cash receipts equal to the "lawful yearly expenditure" which includes the total amount of property taxes to be raised by the local unit.

Taxes are levied on an annual basis and are due quarterly on February 1, May 1, August 1, and November 1. Any taxes not paid as of December 31 are subject to tax sale and lien in the subsequent year, with the exception of bankruptcies. The date of tax sale is at the discretion of the tax collector.

G. Foreclosed Property

Real property acquired for taxes is recorded in the Current Fund at assessed valuation when such property is acquired and is fully reserved.

H. Interfund Receivables

Interfund receivables created by cash transfers from the Current Fund are recorded with offsetting reserves created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in other funds are not offset by reserves.

I. Deferred Charges to Future Taxation Funded and Unfunded

Upon the authorization of capital projects, the Borough establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to N.J.S.A. 40A:2-4, the Borough may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Borough raises the debt requirements for that particular year in the Current Fund budget. As funds are raised, the deferred charges are reduced.

J. Pension Plans

Substantially, all Borough employees participate in the Public Employees' Retirement System ("PERS") and Police and Firemen's Retirement System ("PFRS"). The Division of Pensions within the Treasury Department of the State of New Jersey is the administrator of the funds and charges municipalities annually for their respective contributions. The plans provide retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. The plans are cost sharing multiple-employer defined benefit plans and as such do not maintain separate records for each municipality in the state and, therefore, the actuarial data for the Borough is not available. The Division of Pensions issues publicly available financial reports for each of the plans that include financial statements and required supplementary information. The reports may be obtained by writing the State of New Jersey, Division of Pensions.

Covered employees are required by State statute to contribute a certain percentage of their salary to the plan. Each member's percentage is based on age determined at the effective date of enrollment. In addition, PERS and PFRS bill the Borough annually at an actuarially determinable rate for its required contribution. The current rate is 5.5% for PERS and 8.5% for PFRS of annual covered payroll.

K. Volunteer Length of Service Award Plan

The Borough has established a Volunteer Length of Service Award Plan ("LOSAP") ("Plan") to ensure retention of the Borough's volunteer Fire Departments. The Plan shall be construed under the laws of the State of New Jersey and is established with the intent that it meets the requirements of a "length of service award plan under Section 457(e)11 of the Internal Revenue Code".

Annual Contributions - The annual contribution to be made by the Borough for each active volunteer member shall be \$1,150.00 per year of active emergency service, commencing with the year 2005.

Appropriations - Appropriations for the purpose of funding the Borough's LOSAP shall be included as a separate line item in the Borough's budget, commencing with the year 2005.

Periodic Increases - Notwithstanding the provisions above, the annual contribution to be made by the Borough for each active volunteer member shall not be subject to periodic increases based upon the "consumer price index factor" pursuant to subsection f. of section 3 of P.L. 1997, c. 388 (N.J.S.A. 40A:14-185).

Estimated Cost - The estimated cost of the program to the Borough has been calculated to be approximately \$69,000.00 per year. (This amount may vary annually, however, based upon the total number of eligible active volunteer members in the program).

L. Deposits and Investments

Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation ("FDIC"), or by any other agencies of the United States that insure deposits, the State of New Jersey Cash Management Fund and government money market mutual funds through registered broker/dealers and banks. New Jersey statutes require public depositories to maintain collateral for deposit of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5 percent of the average daily balance of public funds; or

If the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

- (a) The underlying securities are permitted investments, pursuant to the list contained in (a) and (c) above.
- (b) The custody of the collateral is transferred to a third party. This means the bank must contract with a trusted third party to hold the collateral to ensure it is not pledged against any other investments.
- (c) The maturity of the agreement is not more than 30 days.
- (d) The underlying securities are purchased through a GUDPA bank.
- (e) A master repurchase agreement providing for the custody and security of collateral is executed.

Local Government Investment Pools ("LGIP") (15.1(e)(2)) are subject to the following requirements:

- (b) It is rated in the highest category by a nationally recognized statistical rating organization.
- (c) Have their portfolio limited to U.S. Government securities as defined in 2a-7 and repurchase agreements that are collateralized by such U.S. Government securities.

Every local unit must have a Cash Management Plan ("Plan"); the Plan is subject to audit. In addition, when the Plan permits investments for more than one year, the investment must approximate the prospective use of funds. This primarily relates to U.S. securities and local bond issue purchases. The law also requires that cash management plans provide for the CFO to give the governing body a monthly report that summarizes:

NOTES TO FINANCIAL STATEMENTS

Years ended December 31, 2010 and 2009

2. Deposits and Investments

The Borough considers petty cash, change funds, cash in banks, certificates of deposit and deposits with the New Jersey Cash Management Fund as Cash and Cash Equivalents.

Deposits

The Borough's deposits are insured through either the Federal Deposit Insurance Corporation ("FDIC") or New Jersey's Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA requires all banks doing business in the State of New Jersey to maintain additional collateral in the amount of 5% of the average public deposits and to deposit these amounts with the Federal Reserve Bank for all deposits not covered by FDIC.

Bank balances at December 31, 2010 and 2009 are insured up to \$250,000.00 in the aggregate by the FDIC for each bank. At December 31, 2010 and 2009, the book value of the Borough's deposits were \$20,854,975.03 and \$21,033,145.04, respectively.

Custodial Credit Risk Related to Deposits

Custodial Credit Risk is the risk that, in the event of a bank failure, the Borough's deposits might not be recovered. Although the Borough does not have a formal policy regarding custodial credit risk, NJSA 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of GUDPA. Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the FDIC. Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds, or funds that may pass to the municipality relative to the happening of a future condition. Such funds are shown as Uninsured and Uncollateralized in the schedule below.

At December 31, 2010 and 2009, the Borough's bank balances of \$20,986,625.92 and \$21,150,751.02, respectively, were exposed to Custodial Credit Risk as follows:

	<u>2010</u>	<u>2009</u>

Uninsured and Uncollateralized	<u>1,766,525.20</u>	<u>1,505,383.37</u>

Investments

Custodial Credit Risk

For an investment, this is the risk that, in the event of the failure of the counterparty, the Borough will not be able to recover the value of its investments or collateral securities that are held by an outside party. The Borough does not have a policy for Custodial Risk. As of December 31, 2010 and 2009, \$158,500.71 and \$116,651.21, respectively, of the Borough's investments was exposed to Custodial Credit Risk, as follows:

	<u>Fair Value (LOSAP)</u>	<u>Book Value</u>	<u>Total Reported Value</u>
<u>2010</u>			
Uninsured and Collateralized: Collateral held by pledging financial Institution's Trust Department but not in the Borough's name	<u>\$ 158,500.71</u>	<u>\$ 158,500.71</u>	<u>\$ 158,700.51</u>
<u>2009</u>

Interest Rate Risk

The Borough does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

State law limits investments as noted above (N.J.S.A. 40A:5-15.1). The Borough does not have an investment policy that would further limit its investment choices.

The fair value of the above-listed investments were based on quoted market prices.

13. Post-Employment Retirement Benefits

The Borough contributes to the State Health Benefits Program ("SHBP"), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq. to provide health benefits to State employees, retirees, and their dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. On February 24, 1981, the Borough authorized participation in the SHBP's post-retirement benefit program through resolution number 78-2-24-81. Eligibility to participate in the SHBP's post-retirement benefit program begins after 25 years of credited service with the Borough. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly-available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey 08625-0295 or by visiting their website at <http://www.state.nj.us/treasury/pensions/gasb-43-sept2008.pdf>.

Funding Policy

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the Borough on a monthly basis. Plan members or beneficiaries receiving benefits do not make any contributions.

The Borough's contributions to SHBP for the years ended December 31, 2010, 2009, and 2008 were \$1,244,516.72, \$1,074,698.15, and \$1,080,797.32, respectively, which equaled the required contributions for each year. There were approximately 38, 36, and 36 retired participants eligible at December 31, 2010, 2009, and 2008, respectively.

14. Unemployment Compensation Insurance

Effective January 1, 1978, most municipal employees were eligible for unemployment compensation insurance (N.J.S.A. 43:21-3 et seq.). The Borough has elected to provide a self-insured plan whereby the municipal cost and employee contributions are deposited in a trust fund from which claims, if any, will be paid. All funds collected from employees are transmitted to the state for this period. The Reserve for Unemployment Compensation Insurance at December 31, 2010 and 2009 totaled \$120,229.51 and \$122,622.23, respectively.

15. Contingent Liabilities

State and Federal Financial Grants

The Borough receives financial assistance from the State of New Jersey and the U.S. government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. As a result of these audits, costs previously reimbursed could be disallowed and require repayment to the grantor agency. As of December 31, 2010, the Borough estimates that no material liabilities will result from such audits.

16. Risk Management

The Borough is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; error and omission, injuries to employees; and natural disaster. The Borough is a member of the Monmouth County Municipal Joint Insurance Fund. The joint insurance pool is both an insured and self-administered group of municipalities established for the purpose of insuring against property damage, general liability, motor vehicles and equipment liability and workmen's compensation. The Joint Insurance Fund will be self-sustaining through member premiums. The Joint Insurance Fund participates in the Municipal Excess Liability Program which has a contract for excess liability insurance for property.

17. Deferred Compensation Program

The Borough has instituted a Deferred Compensation Plan ("Plan") pursuant to Section 457 of the Internal Revenue Code and P.L. 1977, C.381; P.L. 1978, C.39; P.L. 1980, C.78; and P.L. 1997, C.116 of the Statutes of New Jersey.

The Plan is an arrangement whereby a public employer may establish a Plan and permit its employees to voluntarily authorize a portion of their current salary to be withheld and invested in one or more of the types of investments permitted under the governing regulations.

The Borough has engaged a private contractor to administer the Plan.

Periodic Increases - Notwithstanding the provisions above, the annual contribution to be made by the Borough for each active volunteer member shall not be subject to periodic increases based upon the "consumer price index factor" pursuant to subsection f. of section 3 of P.L. 1997, c. 388 (N.J.S.A. 40A:14-185).

Criteria for Eligibility; Contributions; Points - Any active volunteer member shall eligible to participate in the LOSAP Plan immediately upon commencement of the member's performance of active voluntary services in the emergency service organization. Annual contributions shall only be made by the Borough, however, for those active volunteer members who have earned the minimum number of points for performing certain volunteer services on a yearly basis.

Determination as to Eligibility - Each emergency service organization shall provide to the Borough Administrator, acting as the Plan Administrator of LOSAP Plan, a certified list as to the active volunteer members who are initially eligible to participate in the Plan and those who are eligible to participate as of each January 1 thereafter. The Plan Administrator shall forward said certified list to the Borough Council for approval, in accordance with the provisions of N.J.A.C. 5:30-14.10. The decision of the Borough Council as to such active member's eligibility shall be binding upon the Plan Administrator, participants, beneficiaries and any and all other persons having an interest hereunder, subject to appropriate judicial review.

Terms of Participation - The Plan Administrator shall have the right to require any active volunteer member at the time of his or her becoming a participant to agree, in writing, to be bound by the terms, covenants and conditions of the LOSAP and accompanying trust. Each participant shall furnish to the Plan Administrator all pertinent information required for the administration of the LOSAP. The Plan Administrator shall rely upon all such information furnished.

Vesting - The active volunteer member shall not be permitted to receive a distribution of the fund in his or her LOSAP account until the completion of a five-year vesting period.

Reporting Requirements - N.J.A.C. 5:30-14.49 requires that the Borough perform a separate review report of the Plan in accordance with the American Institute of Certified Public Accountants Statements for Accounting and Auditing Review Services.

COMMENTS SECTION

BOROUGH OF RUMSON
COUNTY OF MONMOUTH, NEW JERSEY

COMMENTS

Year ended December 31, 2010

An audit of the financial accounts and transactions of the Borough of Rumson, County of Monmouth, New Jersey ("Borough") for the year ended December 31, 2010, has recently been completed. The results of the audit are herewith set forth.

Scope of Audit

The audit covered the financial transactions of the Treasurer, the activities of the Mayor and Borough Council and the records of the various outside departments.

The audit did not and could not determine the character of services rendered for which payment had been made or for which reserves had been set up, nor could it determine the character, proper price or quantity of materials supplied for which claims had been passed.

Cash on hand was counted and cash balances were reconciled with independent certifications obtained directly from the depositories.

Revenues and receipts were verified as to source and amount insofar as the records permitted.

Our audit was made in accordance with auditing standards generally accepted in the United States of America and in compliance with the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Therefore, our audit included the procedures noted above as well as tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

Contracts and Agreements Required to be Advertised per N.J.S. 40A:11-4

N.J.S. 40A:11-4 states "Every contract awarded by the contracting agent, for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold (40A:11-3), shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

It is pointed out that the governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year and, where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion shall be sought before a commitment is made.

COUNTY OF MONMOUTH, NEW JERSEY

COMMENTS

Year ended December 31, 2010

Contracts and Agreements Required to be Advertised per N.J.S. 40A:11-4 (continued)

The minutes indicate that bids were requested by public advertising for the following items:

Island Road Bulkhead Project
Shrewsbury Drive Improvements
2010 or Newer Ambulance

The system of records did not provide for an accumulation of payments by categories of materials or supplies, or related work or labor. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The examination of expenditures did not reveal any individual payments, contracts or agreements in excess of the bid threshold "for the performance of any work or the furnishing of labor materials and supplies or the hiring of teams or vehicles", other than where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provision of N.J.S. 40A:11-6.

Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method of authorizing interest and the maximum rate to be charged for nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 1, 2010 adopted a resolution authorizing interest to be charged on delinquent taxes:

WHEREAS, N.J.S.A. 54:4-67 permits the governing body of each municipality to fix the rate of interest to be charged for non-payment of taxes or assessments subject to any abatement or discount for the late payment of taxes as provided by law; and

WHEREAS, N.J.S.A. 54:4-67 has been AMENDED TO PERMIT THE RAISING OF SAID RATE OF 8% per annum on the first \$1,500.00 of the delinquency and 18% per annum on any amount in excess of \$1,500.00 and allows an additional penalty of 6% to be collected against a delinquency in excess of \$10,000.00 on properties that fail to pay the delinquency prior to the end of the calendar year;

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Borough of Rumson, County of Monmouth, State of New Jersey as follows:

BOROUGH OF RUMSON
COUNTY OF MONMOUTH, NEW JERSEY

COMMENTS

Year ended December 31, 2010

Collection of Interest on Delinquent Taxes and Assessments (continued)

1. The Tax Collector is hereby authorized and directed to charge 8% per annum on the first \$1,500.00 of taxes becoming delinquent after due date and 18% per annum on any amount of taxes in excess of \$1,500.00 becoming delinquent after due date and if a delinquency is in excess of \$10,000.00 and remains in arrears beyond December 31, an additional penalty of 6% shall be charged against the delinquency.

2. There will be a ten (10) day grace period of quarterly tax payments made by cash, check or money order.

3. Any payments not made in accordance with paragraph 2. of this resolution shall be charged interest from the due date as set forth in paragraph 1. of this resolution.

Tax Sale

The last tax sale was held on December 15, 2010 and was complete.

Confirmation of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payment was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

<u>Type</u>	<u>Number Mailed</u>
Payments of 2010 Taxes and Delinquent Taxes	50
Payments of 2010 Sewer Charges and Delinquent Sewer Charges	50

For those confirmation notices which were not returned by taxpayers, we audited subsequent cash collections as an alternative procedure when possible.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members
of the Borough Council
Borough of Rumson, New Jersey

We have audited the regulatory-basis financial statements of the Borough of Rumson, County of Monmouth, New Jersey ("Borough") as of and for the year ended December 31, 2010, and have issued our report thereon dated March 29, 2011 in which we expressed an adverse opinion on the conformity of the statements with accounting principles generally accepted in the United States of America due to the differences between those principles and the accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey ("Division"), and a qualified opinion since the Division does not require the Length of Service Award Program ("LOSAP") to be audited, only reviewed. Except as discussed in the preceding sentence, we conducted our audit in accordance with auditing standards generally accepted in the United States of America; and standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Borough's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Borough's financial statements will not be prevented, or detected and corrected on a timely basis.

Honorable Mayor and Members
of the Borough Council
Borough of Rumson, New Jersey
Page 2

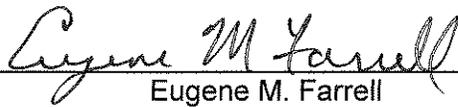

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the Borough of Rumson's management, and Council members, others within the organization, and the Division, and is not intended to be and should not be used by anyone other than these specified parties.
