Dear Mr. Hawley:

The buyer(s) request that the Fire Prevention Bureau (CSDCMAPFEC) inspection be done after the purchase of Address:

\_\_\_\_\_

Block: \_\_\_\_\_ Lot: \_\_\_\_\_

We will not live at this address after the property is purchased as the house will be torndown/renovated (circle one) after the sale, thus, buyer agrees to have a CSDCMAPFEC inspection completed once the construction is completed on the premises.

If renovating, we agree to maintain the current fire detection system throughout the entire process and comply with all uniform construction code requirements.

Please review this letter and if it is agreeable, please sign to confirm that a CSDCMAPFEC inspection will be done after construction, so we can move forward with our closing date.

Very truly yours, (The Buyer (s))
